

# BUILDING LOBBY, RECEPTION, BREAKROOMS

## FREESTANDING INFOGRAPHIC

As corporate offices, banks, doctor's offices, etc. re-open and slowly bring back their employees and customers, these graphics communicate company policies and rules in a dynamic way that is easy to read. These graphics are beautiful stretched cloth over metal frames for a professional, clean look that is easy to change as policies change.

You can choose from our icons and wording or supply your own to match your brand. Our colors can easily be changed to branded colors and your logo added.

These graphics are double-sided and can be printed with the same image on both sides or different messaging on each side. This unobtrusive, freestanding graphic can be relocated when needed.
